

# LOW STRESS

VISITS TO SPICEWOOD SPRINGS CAT HOSPITAL

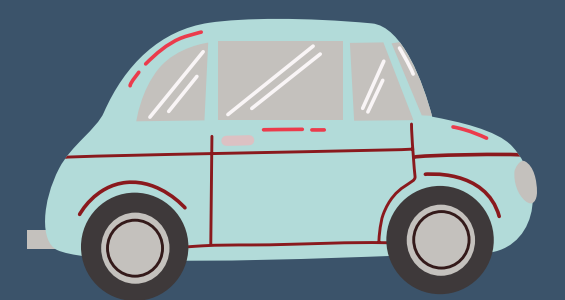

## CARRIER ACCLIMATION

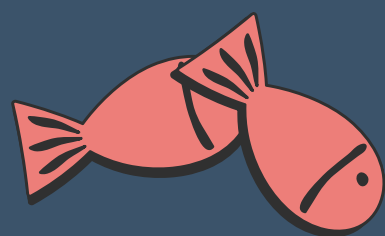

- Keep the carrier out so your cat can become accustomed to it
- Place familiar bedding and toys inside

## TRANSPORT TIPS

- Holding the carrier from the bottom (like a present) can decrease swaying and jostling
- Covering the carrier with a towel can help your cat feel safer

## TREATS

- Bring your cat's favorite treats to the visit
- They can be used as distraction or reward

## ANTI-ANXIETY MEDICATION

- If your cat is stressed by travel or a vet visit, reach out to our staff to discuss anti-anxiety medication
